

Kluger

Please Note: information is accurate as at March 2023.

Specification and imagery are indicative and should only be used as a guide. Vehicle and accessory specification, features, colour and trim may differ at the time of vehicle delivery.

OH WHAT A FEELING

You'll feel it with every drive. In every twist and every turn. It's our unwavering commitment to move you, not only today, but well into tomorrow as we relentlessly reimagine the future of mobility.

With our eyes on the horizon, we're committed to creating a future where all of humankind is empowered with the freedom to move.

Move in comfort and style

When it's time to travel with the family, you'll arrive with unmistakable style in Kluger. The deeply sculptured design features expanded front flares, a powerful on-road stance and modern flowing lines to turn heads wherever you go.

You'll find Kluger is equally at home on everyday school, work or social runs as it is on the open road when making the great family escape. With all of today's essential connectivity and

convenience to keep the crew happily entertained, you'll discover how sophisticated elegance and intuitive technology help make every journey a joy.

Kluger is also available with Toyota Hybrid Technology. This delivers highly responsive power with reduced emissions to help make the future of family mobility even more environmentally conscious.

Plus, you'll have peace of mind with Toyota's latest technology including the Panoramic View Monitor on Grande and Toyota Safety Sense as standard to help keep you and your family safe, whatever the occasion.

Kluger. Where you and your family come first.

Grande Hybrid AWD shown.

Everyday luxury

With Kluger, there's no need to compromise on luxury when it's time to take the family on the road.

Inside is where everyone will appreciate the sumptuous comforts and extra space of a genuine 7-seat family vehicle. The contrasting metallic ornamentation and luxurious finishes are matched by practical storage spaces, including an impressive 552L of cargo space when using the front two rows of seats, then converting to 241L when using all three rows.

The welcoming atmosphere is accentuated by natural light coming through the panoramic glass moonroof available on Grande. In GXL and Grande, the front seats are power

adjustable and heated. Grande also features driver's seat memory and ventilated front seats. The second row of seats can slide and fold and the rear seats fold for even more flexible luggage space and legroom.

When driving Kluger you'll experience the welcoming feel of a soft touch leather accented steering wheel and gear lever. In Grande, you'll appreciate the tasteful wood-look ornamentation and premium seating.

Kluger, it's where everyone can settle back and enjoy the drive in unmistakable style.

A 12.3" colour touchscreen display – Grande Hybrid shown
 B Panoramic glass moonroof – available on Grande only

Switched-on living

The advanced technology and digital capability in every Kluger help maintain a seamless connection to what matters in your world. These intelligent features are designed to make life easier for the driver and ultimately enhance the travel experience for everyone on board.

You can approach Kluger, then hop in and start driving using the hands-free convenience of the smart entry and start system.

Once on the move, you'll find important vehicle data and travel information where you need to see it within the 7" Multi Information Display (MID) on GX and GXL that rises to a 12.3" MID on Grande. You'll also see driving data and detail right before your eyes on the Head-Up Display in Grande.

The 8" colour touchscreen display on GX rises to 12.3" on GXL and features a 6-speaker audio system, on Grande this upgrades to a premium 11-speaker JBL¹ audio system. Plus every Kluger multimedia system features wireless Apple CarPlay^{®2} as well as Android Auto^{™,3,4} connectivity (speak to your Dealer about device compatibility).

They also process voice recognition commands, make hands-free calls and let you listen to your favourite tunes when connected to your smartphone. You'll also be heading to your next destination with ease using touchscreen Connected Navigation⁵ on GX, in GXL and Grande you'll receive your route directions using the advanced in-built navigation system.

Relax, you'll be making all the right connections in Kluger.

Power and confidence on the road

The ultimate family vehicle needs to be prepared for anything. Short trips, long drives, big groups or even a peaceful journey on your own. With a choice of either a traditional petrol engine or Toyota's latest Hybrid Electric technology, Kluger delivers the power and capability to handle virtually anything your family could demand.

The new 2.4L turbocharged petrol engine delivers 198kW of power and an increased 420Nm of torque through a silky smooth 8-speed automatic transmission. You can choose from 2WD or the extra traction of AWD. On both GX and GXL

AWD, Dynamic Torque Control balances the torque between the front and rear wheels for added traction and control.

The Dynamic Torque Vectoring on Grande AWD petrol also balances the drive between the left and right wheels to achieve optimal drive through corners and on a range of different surfaces.

The 2.5L Toyota Hybrid System with a combined system output of 184kW provides effortless power through a Continuously Variable Transmission (Auto CVT) with the surefooted control of

hybrid AWD that's been optimised for hybrid and electric power. Plus, it delivers the outstanding fuel efficiency of 5.6L/100km.⁶ You can also choose from Normal, Eco or Sport drive modes to match the driving conditions.

Petrol 2WD, petrol AWD and hybrid AWD options boast a braked towing capacity of 2000kg,⁷ so the boat or camper trailer is welcome to come too.

The Hybrid System

Four Key Benefits

Toyota's latest Hybrid Electric technology gets you moving powerfully and smoothly every time. Enjoy an uncompromising drive with responsive, dynamic performance.

Further

There's no need to plug in a Toyota Hybrid. Electricity is created as you drive, capturing energy when you brake or slow down. This power is then stored away, ready to be used later in the hybrid battery.

Quiet

The quieter and calmer experience in a Toyota Hybrid Electric is proven to deliver one of the most satisfying and enjoyable drives on the road, with no compromise on vehicle responsiveness. It's why millions of Hybrid drivers choose never to go back to petrol-only engines once they've made the switch.

Reliable

Toyota's Hybrid Electric System offers the reliability and quality you can always expect from Toyota. It's technology that's been tested and trusted for over 25 years – so no matter where you go, you'll have peace of mind in every drive.

Powerful

Experience an uncompromising drive in a Toyota Hybrid Electric with responsive, dynamic performance. You get impressive off-the-line torque that gets you moving powerfully and smoothly every time.

Starting off

The electric motor is used primarily and power stored in the battery is used to turn the motor.

Full acceleration

When accelerating or cruising at speed, the petrol engine turns on automatically in addition to the electric motor. Ensuring you receive the power and responsive performance you need.

Braking and deceleration

The electric motor generates power when braking and slowing down, charging the battery. No fuel is used, so there are minimal CO₂ emissions.

Normal driving

A mix of petrol and electric power is used for best economy, depending on the conditions. The battery is recharged where possible.

At rest

With the car brought to a stop, the petrol engine cuts off. The system automatically avoids idling to conserve fuel and reduce CO₂ emissions.

Where safety comes first

When travelling with something as precious as your family and friends, it's comforting to know you're surrounded by advanced technology to help ensure everyone arrives safely at their destination.

Every Kluger comes equipped with SRS airbags and Toyota's safety driver assist technology as standard, along with Toyota Safety Sense features.

The reversing camera helps provide a clear view of what's behind and the guidelines assist you when backing into tight spaces. The rear view is further enhanced on GXL and Grande with the Back Guide Monitor⁸ that provides wide angle vision and moving guidelines. GX has fixed guidelines and no wide angle vision.⁸

Front and Rear Parking Sensors⁸ are fitted as standard and combine with the rear Parking

Support Brake⁸ to help make parking easier. Intersection Turn Assistance⁸ and Emergency Steer Assist⁸ are added features to the Pre-Collision Safety system that provide additional support and safety on everyday journeys. Emergency Steer Assist⁸ helps recognise potential danger such as other vehicles, bikes and pedestrians when driving, then helps support you taking evasive action.

Toyota Safety Sense

At Toyota, we believe it's simply not enough to say "safety comes first" – we prove it. That's why, in our ongoing pursuit of creating ever-safer cars, now and into the future, we developed Toyota Safety Sense (TSS).⁸ A suite of active safety features designed to help support safe driving and help protect you and your passengers.

Kluger features TSS driver assistance technologies, aiming to recognise and help avoid certain hazards and collisions, giving you and your passengers greater peace of mind wherever you're headed. Please visit toyota.com.au for vehicle and specification information.

Lane Trace Assist

When driving on highways and freeways, Lane Trace Assist⁸ uses a camera to detect lane markings when cruise control is active. It is designed to alert you and provide steering assistance to help avoid drifting, and keep you centred in your lane.

Pre-Collision Safety (PCS) system with pedestrian and daytime cyclist detection

Pre-Collision Safety System⁸ with pedestrian and daytime cyclist detection is a multi-stage warning system. Using an integrated camera and radar to help detect other vehicles in front of you, the PCS is designed to assist the driver where there is a likelihood of frontal collision with vehicles and pedestrians during day or night, or cyclists during the daytime. PCS includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision appears to be unavoidable, automatic braking to help mitigate impact.

Toyota
Safety
Sense

Road Sign Assist (speed signs only)

Road Sign Assist[®] was developed to help recognise certain road speed signs and provide information to you. It displays the most recently recognised speed limit on the Multi Information Display.

Intersection Turn Assist

Intersection Turn Assist[®] helps prevent accidents at intersections by detecting oncoming cars and pedestrians crossing the street when the vehicle is turning.

Lane Departure Alert with steering assist

Lane Departure Alert[®] with steering assist is designed to help prevent vehicles drifting from their lane by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane. It may also apply additional steering force if needed to help you stay in your lane.

Active Cruise Control (all speed)

Active Cruise Control[®] with curve speed reduction is designed to help keep a constant distance between vehicles. It uses a millimeter wave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help you maintain a set distance.

Toyota Connected Services⁵

Safety and Security

People and property are precious. Toyota Connected Services' advanced features are designed to help protect them all. In emergencies, you can utilise push-button SOS Emergency Call⁹ (SOS). It contacts Toyota Emergency Assistance directly, guiding services to your location. In the event of a collision, Automatic Collision Notification¹⁰ (ACN) is designed to activate, calling you directly in-car, and if you are unresponsive, dispatching emergency services to that location. Should your car be reported stolen, Stolen Vehicle Tracking¹¹ (SVT) will utilise vehicle tracking technology via our Stolen Vehicle Assistance Call Centre to help police to potentially recover your vehicle.

Remote Connect

Control vehicle functionality, even when you're not in the driver's seat. Our Connected features enable you to remotely start your engine (up to 10 mins prior), lock and unlock doors (not including rear tailgate) and activate hazards remotely. Perfect for flagging emergencies.

Driver Insights

The myToyota Connect app gives you a complete view across your entire drive. Review recent trips and, with Drive Pulse Score,¹² understand how braking and cornering can be improved to help maintain your car. The features let you run quick checks on odometer, fuel levels and distance to empty¹³ to aid journey planning. You can also spot unlocked doors or windows left open away from your car using the in-app Vehicle Status features, and set up alerts. A Vehicle Locator also helps you find where you last parked, and our Glove Box feature opens access to digital warranty and manuals for you.

Multimedia Connect

Toyota's interconnected multimedia platform includes Connected Navigation which provides current parking availability, traffic, weather and fuel prices for your journey. Through Connected Voice Assistant, control vehicle features including navigation, audio and climate settings. With Connected Trip Start and Finish features you can plan routes, search a point of interest and send it to your car. When driving and not reaching your endpoint, the app notes the full route when you park, allowing you to continue navigation on foot with your phone or device.

12 months complimentary access

Driving should be easy, enjoyable and safe. That's why inside every connected Toyota you'll find a suite of advanced features focused on safety and convenience for a better driving experience, all seamlessly integrated into the myToyota Connect app.⁵

- 3 Android Auto™ is a trademark of Google LLC.
- 4 Requires compatible device, USB connection, mobile data, network reception and GPS signal. Mobile usage at user's cost. Apps subject to change. For details see toyota.com.au/connected
- 5 Connected Services complimentary period ends 1 year from delivery date. Fees may apply thereafter. See toyota.com.au/connected/plans-packages. Not available outside Australia, if services disabled or terminated, or after 2033/Telstra 4G sunset (whichever comes first). Dependent on 3G/4G enabled DCM, GPS signal strength, mobile network coverage and other factors outside Toyota's control which can limit ability or functionality of system. Check toyota.com.au/connected or your Owner's Manual for explanation of limitations. Features subject to change. Please drive safely.
- 6 Achieved in test conditions for comparison purposes only. Actual fuel consumption varies depending on driving conditions/style, vehicle condition, load and options/accessories fitted. Calculated based on fuel tank capacity and combined average fuel consumption. Source: ADR81/02 combined (L/100km).
- 7 Towing capacity subject to regulatory requirements, and vehicle & equipment design limitations. Ask your dealer for more information, including Toyota Genuine Towbar capacity and availability.
- 8 Driver assist feature. Only operates under certain conditions. Check your Owner's Manual for explanation of limitations. Please drive safely.
- 9 SOS – Driver assist feature only. Not a substitute for safe driving practices. Not available outside Australia, if service disabled or terminated, or after 2033/Telstra 4G sunset (whichever comes first). Only operates if vehicle's SOS button is pressed and vehicle ignition is on. Dependent on 3G/4G enabled DCM, GPS signal strength, mobile network coverage, call centre capabilities and other factors outside Toyota's control which can limit ability or functionality of system. Check your Owner's Manual or toyota.com.au/connected for explanation of limitations. Please drive safely.
- 10 ACN – Driver assist feature only. Not a substitute for safe driving practices. Not available outside Australia, if service disabled or terminated, or after 2033/Telstra 4G sunset (whichever comes first). Only activates if vehicle's DCM detects airbag deployment or impact sensor notification. Dependent on 3G/4G enabled DCM, GPS signal strength, mobile network coverage, operational related components and other factors outside Toyota's control which can limit the ability or functionality of system. Check your Owner's Manual or toyota.com.au/connected for explanation of limitations. Please drive safely.
- 11 SVT – Not available outside Australia, if service disabled or terminated, or after 2033/Telstra 4G sunset (whichever comes first). Dependent on sufficient battery power, 3G/4G enabled DCM, GPS signal strength, mobile network coverage, operational related components & other factors outside Toyota's control which can limit the ability or functionality of system. Owner/driver required to obtain Police report. Vehicle location information, if available, only provided to Police. Vehicle recovery not guaranteed. For details, visit toyota.com.au/connected/faq-support
- 12 Drive Pulse measures harsh cornering, fast acceleration & harsh braking, and provides drive pulse score based on these factors. Not to be used as general driver performance measure. Recent trips and drive pulse process may take up to 48 hours to appear in the myToyota Connect app. For more details, see toyota.com.au/connected/driving-insights/recent-trips-drive-pulse
- 13 This distance is approximate only and may vary due to driver behaviour, vehicle load, vehicle usage and traffic conditions. Please drive responsibly.
- 14 Bluetooth® is a registered trademark of Bluetooth SIG, Inc.
- 15 Product and company names are trademarks of their respective owners.
- 16 Toyota Australia reserves the right to vary or discontinue the current interior and exterior colours, trims and colour/trim/model combinations. Colours and trims displayed are a guide only and may vary from actual colours due to printing/display process. See your Toyota dealer to confirm availability when ordering your vehicle.
- 17 Paint featured is an optional extra at additional cost.
- 18 See your Toyota Dealer to confirm Toyota Genuine Accessories suitable for your vehicle prior to ordering, as specifications, applicability, availability and fitment requirements may change over time. Consider combined mass of load and accessories to ensure gross vehicle mass limits are not exceeded. Refer to toyota.com.au/vehiclepayload for information. Fitment of certain accessories may require recalibration, relocation or removal of standard equipment (which may be retained by Toyota). Toyota Australia uses its best endeavours to ensure material is accurate at the time of publishing. Colours depicted are a guide only and may vary from actual due to the print/display process. Toyota Australia reserves the right to change and/or discontinue, without notice, prices, colours, materials, equipment and specifications. To the extent permitted by law, Toyota Australia will not be liable for any damage or loss incurred from relying on the information and images contained in this material.
- 19 Toyota Genuine Parts/Accessories purchased at & fitted to a Toyota vehicle by a Toyota dealer are warranted for the remainder of that vehicle's Toyota Warranty Advantage period, or 2yrs from installation (whichever is greater). Genuine Parts/Accessories purchased from, but not fitted by, a Toyota dealer are warranted for 2yrs from date of purchase. See toyota.com.au for T&Cs. This warranty does not limit & may not necessarily exceed your rights under the Australian Consumer Law.
- 20 Applies to standard scheduled logbook servicing (normal operating conditions) 5 yrs/75,000 kms (whichever occurs first) up to a max 5. Excludes Government & Rental vehicles. For details see your Toyota dealer or visit toyota.com.au/advantage
- 21 Terms and conditions apply. This advice is general in nature and does not take into account your objectives, financial situation or needs. Before making a decision to purchase any of the insurance products you should consider the appropriateness of the advice taking into account your own objectives, financial situation and needs and refer to the current PDS and Target Market Determination for the relevant product available from participating Dealers, via our website at toyotainsurance.com.au or by calling 137 200. Toyota Car Insurance purchased in a dealership or via the Toyota Insurance National Customer Solutions Centre is facilitated by Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536 as agent for, and on behalf of, the insurer. The insurer of Toyota Car Insurance is Aioi Nissay Dowa Insurance Company Australia Pty Ltd ABN 11 132 524 282, AFSL 443540 (Adica). If Toyota Car Insurance is purchased online, the issuer and insurer is Adica.
- 22 This figure represents the total number of Toyota vehicles that have been insured by Toyota Insurance as at November 2021.
- 23 Lower monthly repayments compared to a similar term with no Guaranteed Future Value (GFV) or equivalent balloon final payment. Total interest charges will be higher if a GFV or balloon final payment is selected.
- 24 Guaranteed Future Value (GFV) is the minimum value of your new or approved demonstrator Toyota at the end of your finance contract, as determined by Toyota Finance subject to fair wear and tear and agreed kilometres being met. Ask your Dealers for more information. Approved applicants only. T&Cs apply. Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536.
- 25 Applicable to pre-owned vehicles purchased as a Toyota Certified Pre-Owned (TCPO) vehicle on or after 01/01/2022. TCPO 2022 Warranty expires 1 year after sale, or 1 year after the current New Vehicle Warranty expires (if applicable), or 10 years from date of registration in original owner's name, or at 160,000kms (whichever occurs first). TCPO Warranty does not apply to vehicles used for commercial purpose (eg taxis or rideshare). See toyota.com.au/tcpowarranty for T&Cs. This warranty does not limit and may not necessarily exceed your rights under the Australian Consumer Law.
- 26 The Toyota Warranty Advantage Extended Engine and Driveline coverage is for 7 years from delivery, provided your vehicle is properly serviced and maintained per its Warranty and Service Book. Excludes vehicles used for a commercial purpose, such as taxis, hire vehicles and vehicles transporting people or goods for payment including rideshare. See toyota.com.au/owners/warranty for details. This warranty does not limit and may not necessarily exceed your rights under the Australian Consumer Law.
